(Read pages 21-23 and 27)

The Japanese tourists Sakura and Hiroko are thrilled to be involved in the protest against cutting down the tree, because trees are an important symbol in Japan.

As they travel around Ireland they are keeping a travel diary and have included an entry about Eva, Kate and Jeremy.

Do you think that you could compile the diary entry that they made on their page?

Remember; the diary will include not only what they saw but also what they thought and their own opinions on the girls and the campaign to save the tree.
