

What can YOU do? Repairing the ARK!

IMPORTANT INFORMATION

- ➔ The only person who can repair our planet is YOU.
- ➔ If everyone made a small change to their lifestyle then it would have a big impact.

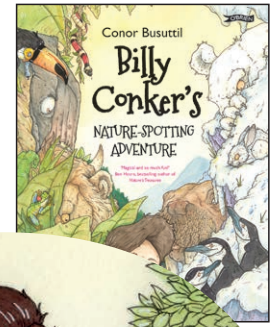

In small groups, decide on five small changes that could have a big impact on our planet.

- ➔ Choose one of these changes and explain how YOU could achieve it starting today.
- ➔ Make a PPP (Personal Pledge Poster) for your desk or fridge at home to show everyone how you are helping to repair the ARK.

This is the view from Billy's window.

Find your favourite window and describe what you see when you look out from it.

Now give your description to a friend to draw what you see.

Compare their drawing with your description.

What do you find?

When we fix the ARK, what will it look like?

Go back to your window and describe how your view might be different now.

Our planet is a wonderful place with lots of amazing things to see.

Draw or take a photo of 5 scenes from your area that you think are really amazing. Can you explain why you have chosen them and make a display?

Now choose 5 that you think are an eyesore and need to be removed. Explain how that might be done.
