

FÁILTE ISTEACH 2

Next month your local G.A.A. club is hosting a match between this year's All Stars team and a County Select team as a fund raising event for a local charity. You have been asked to write a short profile (maximum 100 words) of your club ground.

You will need to make it accurate, but you will also need to make it sound interesting.

Research a selection of facts to make your description accurate, and use opinions to make your description as interesting as possible. (**Hint: A good way to make opinions sound like facts is to use them as quotes from someone**)

List the facts and opinions in the boxes below:

OUR GROUND (FACTS)

OUR GROUND (OPINIONS)

Now you are ready to write the final piece: it should be mostly factual, but you can add opinions and quotations to give it colour and interest. Use the box below to write your description of your ground to accompany your map and directions. Remember, you can only use up to 100 words!

OUR GROUND
