

# THE STORY OF IRELAND

## Time Travel: Activity 1

Things have been happening very quickly in both Ireland and throughout the rest of the world during the last fifty years. The most interesting thing about these events is that each of them has had an effect on our world today. If any one of these events had not happened, then our modern world would be different from what it is.

If you could travel back in time to one place in Ireland's past and change one event what would you choose? Use the box below to draw up a plan explaining which period you will choose and why, what event you would alter and what effect you think it might have on modern Ireland.
