

Hannah lived with her granny.  
They lived in an  
old, old house  
at the end of a  
long, long lane.

Hannah was very good  
at fixing things.

This was very useful  
because Granny's old house  
was full of **creaks**  
and **cracks**  
and **moans**  
and **groans**.

Hannah had her own toolbox  
with **oil**  
and **screwdrivers**  
and **nuts**  
and **bolts**  
and **nails** ...  
and lots of other useful things.
